Dear Lord Stevens,

Re: The Race for Life.

On 18th October last year I wrote to you regarding the Race for Life and the longstanding issue of my being correctly recognised for creating the event. I have enclosed a copy of this letter.

On 23rd November I received confirmation that my letter had been received from Jo Stephens, your Executive Assistant. She advised me that you would be in touch in due course.

It is now over 13 weeks since my letter, and over 8 weeks since receipt was confirmed.

Please could I request the letter receives your attention and a response is forthcoming soon. I remain willing to meet and to discuss the matter and to share my own evidence and, in the unlikely event any exists, to comment on any contradictory evidence.

I look forward to your reply.

Yours sincerely,

Jim Cowan.  
Creator of the Race for Life.
